PROFESSIONAL SUMMARY

Aspiring Software Engineer and Full-Stack Developer with hands-on experience building responsive web and mobile applications using React, Flutter, ASP.NET Core, and modern JavaScript technologies. Skilled in developing secure APIs, designing intuitive user interfaces, and working with both relational and NoSQL databases. Strong foundation in software engineering principles with a proven ability to deliver high-quality solutions through freelance projects, collaborative development, and continuous learning.

EDUCATION

University of Ibadan Distance Learning Centre (UIDLC)
Bachelor of Science (B.Sc.) in Computer Science (In View)

Aptech Computer Education

- Certificate of Proficiency in Information System Management
 - Diploma in Software Management
 - Advanced Diploma in Software Engineering
- Major: Software Engineering

PROFESSIONAL EXPERIENCE

Freelance Software Developer | Remote | Nov 2023 – Present

- Built dynamic front-end interfaces using React, Vue.js, React Native, and Tailwind CSS for web and mobile applications.
- Implemented mobile-first designs and reusable UI components to improve maintainability and user experience.
- Designed and managed relational databases using SQL Server and Entity Framework Core.
- Implemented authentication and authorization using JWT for secure API access.
- Collaborated on UI/UX design, prototyping, and feature planning.
- Maintained a 100% client satisfaction rate through consistent project delivery.

TECHNICAL SKILLS

Programming Languages: Dart (Flutter), JavaScript, TypeScript, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Flutter, Tailwind CSS, ASP.NET Core (.NET)

Databases: MySQL, MongoDB

Cloud Platforms & Tools: Firebase, Netlify, Vercel, Git, GitHub

Soft Skills: Communication, Teamwork & Collaboration, Adaptability & Flexibility

PROJECTS

Travel Smart

Developed a travel information platform that enables users to explore destinations, track live flights, access travel reviews, and learn about diverse cultures and customs. Built using React, JavaScript, HTML, CSS, and JSON.

Live Demo: <https://travelsmart-vertex-coders-techwiz5.netlify.app/>

CampusConnect

Built a modern campus management platform for discovering events, connecting students and faculty, and sharing important updates. Developed using React.js, Vite, React Router, CSS, Git, and GitHub.

Live Demo: <https://campusconnect-stacksmith-techwiz6.netlify.app/>

CurrenSee – Currency Conversion & Market Tracker

Designed a Flutter-based mobile application providing real-time currency conversion, historical exchange-rate visualization, market insights, customizable rate alerts, and secure user authentication. Implemented responsive Material 3 UI and scalable architecture.

CERTIFICATIONS & ACHIEVEMENTS

- Certificate of Achievement – 1st Position, Website Design & Development Category, TECHWIZ 5 (14 Nov 2024)
- Certificate of Participation – Design & Development Category, TECHWIZ 6 (19 Nov 2025)
